“We the People” demand that the United States government act on their border responsibility by permanently halting the construction, removing the illegal shipping containers and equipment as well as ordering Governor Ducey’s contractors to leave the Coronado National Forest.

We Speak to the severing of critical wildlife corridors for the endangered jaguar, ocelot and all our native wildlife that must move back and forth across the border to access food, water, and shelter to survive.

We Speak for the Watersheds that have been destroyed or blocked by the scrap heap of containers.

We Speak for the Land that has been callously unearthed, the trees that have been uprooted and mowed down. For if we don't who will?

We have Stood Tall to Speak Truth to Power over the illegal, unauthorized acts of Governor Ducey on the Coronado National Forest. By ignoring the approval processes and continuing to Occupy and Use the United States' Lands without authorization, Governor Ducey stands in conflict with federal law. The Governor's actions are Unlawful and can not Stand. We will continue our presence at the border until the federal government Stops the De-struction and Removes the containers.

The rule of law must be followed. We will not be intimidated or dissuaded from enjoying our beautiful borderlands within the Coronado National Forest.

Make your Voice heard. Participate in the dialogue. Join us in this peaceful protest. Bring your signs, banners, poetry, songs and statements.

In Solidarity,

**Kate Scott
